Sale Terms & Conditions

CONDITIONS OF SALE

No. 1 Governing Law: RC Auction Co, LLC D.B.A Ocala Horse Sale, Sale Manager, is known and recognized as sale management and is an independent contractor regularly engaged in the business of conducting consignment sales of horses. The Sale Management or any representative thereof is not responsible for any liability whatsoever, including, but not limited to, the loss, damage, injury, death or illness of any animal, person, or property before, during, or after the sale. All horses consigned to the sale are offered in accordance with the laws of the State of Florida.

All transactions between Buyer, Consignor, and Sale Management are governed by the laws of the State of Florida. In the event of any legal dispute between Buyer or Consignor, Sale Management will occupy the position of Agent for a disclosed Principal and Stakeholder and will be discharged from all obligations owing to the Consignor or Buyer upon delivery of any property or funds held by Sale Management to the Court having jurisdiction of such dispute.

No. 2 Bidding Procedure: The highest bidder shall become the Buyer. Any successful bidder shall sign a Buyers Acknowledgment ('ticket') which shall be presented by an auction clerk immediately after the purchase has been made. The right to pass-out

(P.O) is reserved by Consignor or his representative. Any such action must be made prior to the

Consignor's horse departing the auction arena. Title

to the animal passes to the Buyer automatically at the final fall of the auctioneer's gavel unless such pass-out (P.O.) is clearly indicated immediately by Consignor, his representative, or the auctioneer. Sale Management and/or auctioneer(s) reserve the right to reject any and all bids.

No. 3 Bidding Disputes: If a dispute should arise between or among two or more bidders, the auctioneer shall settle the dispute and his decision shall be absolute, final, and binding on all parties. In such case, the auctioneer has the right to reopen the bidding procedure and ask for advanced bids solely between the bidders having claimed the last bid. If there is no advance bid, the horse shall be sold to the bidder from whom the auctioneer recognized the final bid. If, for any reason, the bid should be reduced below the recognized bid at the beginning of such a dispute, the

auctioneer may reopen the bidding to all bidders with the highest bidder becoming the Buyer regardless of whether or not the final bid exceeds the bid which was originally disputed.

No. 4 Title And Delivery: Title – Title passes to the Buyer automatically at the final fall of the auctioneer's gavel. At such time Buyer assumes all risk of loss. The responsibility, maintenance, care, and expenses for the horse shall pass immediately from Consignor to Buyer at the final fall of the gavel. This shall especially be the condition in the case of illness, injury, or death of any horse after it has been sold. Upon passage of title, Buyer agrees to indemnify and hold Sale Management or any representative thereof, harmless from all loss, cost and expense arising from any or all of the following:

(1) the illness, injury or death of purchased animal;
(2) loss or damage to property; (3) injury or death of persons caused by the Buyer, his agents, his employees or by the purchased animal. Title and all risks are assumed by Buyer whether or not Delivery has been made. Delivery – Delivery of a purchased animal shall be contingent upon Buyer making a full settlement to the sale cashier as described in Conditions.

No. 5 After a satisfactory settlement is made, delivery will be in the form of a Release for the horse from the auction grounds. In addition to the Release, Buyer will receive a current Coggins test, a copy of the registration papers or registration application. After Delivery has been made, Buyer shall remove the horse within the specified time announced prior to the commencement of the auction and shall be subject to any charges associated with the purchase should Buyer fail to do so.

No. 6 Settlement: Settlement for any purchase must be made in full and paid directly to the sale cashier within the specified time announced prior to the commencement of the auction. The Buyer's Acknowledgement of Purchase is not transferable without the approval of Sale Management. Payment to any other source is prohibited and is not recognized as Settlement. All payment must be made directly to the sale cashier. Settlement for any purchase must be made for the full purchase price with U.S. Currency or with funds from a U.S. Bank in the form of certified check, travelers check, or bank check which has been verified and approved in advance by Sale Management. A valid driver's license and/or other approved forms of positive identification are required upon Settlement.

Any person signing a check in the State of Florida is liable for the full amount of the check. Any party issuing a check returned as "insufficient funds", "payment stopped" or "account closed" or a check that for any other reason does not clear the drawee's bank will be prosecuted to the full extent of the law. Appropriate legal services will be obtained in whatever jurisdiction necessary to secure performance of any payment given as Settlement. All costs, including attorney's fees, incurred by Sale Management to secure performance shall be the responsibility of the party issuing such payment.

ALL returned forms of payment including credit card chargebacks will be immediately turned over to the District Attorney's Office for collection and charges. Cost of collection, including attorney's fees will be assessed to the buyer. Credit Card Chargebacks are NOT permitted.

No. 7 Defaulters: All Buyers shall be responsible for the full purchase price as stated for the horse.

Buyers who fail in any respect whatsoever to make Settlement as described in Condition No. 6 shall be declared in default. Any horse purchased by a defaulter may be resold by Sale Management. All costs associated with such resale shall be borne by the defaulter. Should such a resale fail to satisfy in full the defaulter's balance due, the defaulter shall immediately pay Sale Management the amount of the balance owed. If defaulter fails for any reason to pay all of the balance owing, the Consignor or Sale Management may bring suit against the defaulter who shall be responsible for all costs, including attorney's fees, incurred by Sale Management in collection of amounts owing or in enforcement or interpretation of the Sale Condition.

No. 8 Warranties:

A. Prospective Buyers are hereby cautioned and advised by Sale Management to examine horses thoroughly prior to purchasing.

B. Horses sold in our auction as SOUND are guaranteed for 48 hours!

This soundness guarantee means no crib, no weave, no lameness, no parrot mouth (overbite or underbite), sound of wind, and sight with no impairment in both eyes. The warranty also protects the buyers against blatant misrepresentation such as age and usability. If you purchase a horse sold sound and find any of the above issues, please contact us within 48 hours.

Note: The soundness warrantee is limited to horses that are not announced to be as is by the auctioneer.

Note: Failure of a flexion test alone without otherwise visible lameness is NOT sufficient to declare a horse unsound.

Note: Conformation flaws such as toeing in or out are not an unsoundness.

Note: Major blemishes or defects disclosed in the auction ring will not be covered under the warranty.

C. Ocala Horse Sale is not responsible for any discrepancies as to the age of any horse being sold Grade or Unregistered. Ocala Horse Sale depends on the consignor completely for the age and description of all horses. If a horse's age is misrepresented, (by more than a couple years), that falls under the "Blatant Misrepresentation" portion of our 48 hour Guarantee, and MUST be reported prior to the Monday following the sale, no later than 8pm. Ocala Horse Sale will be the final decision maker if a dispute should arise, and by participating in the auction, both buyer and seller agree to these terms.

D. Sale Management is not responsible for Buyer or Consignor misunderstanding. A recording will be made of the entire auction that may be used to help settle disputes regarding statements about the horses while in the auction arena.

E. All animals sold at this auction are sold with no implied warranty of merchantability or fitness for a particular purpose. The Consignor is the party responsible for all representations or warranties expressed or implied concerning the condition of any horse and buyers should satisfy themselves concerning the condition before purchasing.

No. 9 Broodmares & Stallions: No guarantees are made by Sale Management or any representative thereof regarding pregnancy status, eventual foaling, or fertility of any animal offered in this sale. Final pregnancy status on broodmares will be announced at time of sale and will take precedence over printed material in the catalog or in advertising. Any contractual agreements between owners of broodmares in the sale and owners of stallions to which these mares may have been bred are strictly between Buyer and Seller.

No. 10 Catalog and announcements:

Buyers are cautioned to pay close attention to announcements from the auction block regarding changes in the sale catalog and such announcements take precedence over printed material. The accuracy of all information in the catalog is the sole responsibility of the Consignor. It is solely the responsibility of the Consignor to verify the accuracy of such information and to make certain such changes are made public while the animal is in the auction arena. Sale Management or any representative thereof does not assume any responsibility or liability for errors or omissions or for any verbal or written statement regarding the animal sold

No. 11 Registration Certificates:

A. Upon Delivery of purchase and prior to conclusion of the sale, Buyers are advised to determine the accuracy of original registration certificates.

B. All original registration certificates, transfer reports, and/or applicable breeder's certificates and/or registration applications will be held by the Sales management until the 48-hour Guarantee has expired, and then will be mailed to the successful buyer.

C. Buyer will be responsible for any registration, transfer and color correction fees associated with purchase. Buyer will be responsible for any fees associated with a purchase selling on a registration application.

No. 12 Health: All horses in this sale have been required to have tested negative for equine infectious anemia (Coggins test). Out of state or other health certificates may be obtained from the Official Sale Veterinarian at Buyer's expense. Registration papers are available for viewing in the office to verify genetic testing. No horse will be turned down after purchase because of genetic traits or markers.

X-Rays and Veterinarian exams are provided online for Preferred Session consignments for Pre-Purchase to provide buyers with as much information as possible prior to bidding. No horse will be turned down after purchase because of X- Rays or Post Purchase exam.

The 48-hour Guarantee says the horse will travel sound within that time frame. If a dispute arises, the auction company will assess the horse's ability to travel sound and both buyer and seller agree to accept the decision.

All Sellers, Buyers, bidders and attendants voluntarily and intentionally waive any right they may have to a trial by jury in respect to any litigation arising from or connected with this auction.

ANY ITEM NOT COVERED IN THESE SALE CONDITIONS SHALL BE REGULATED ACCORDING TO THE ESTABLISHED CUSTOMS AND PRACTICES OF PROFESSIONAL SALE MANAGEMENT COMPANIES.

--------------	-----------	------------------------------

5yr Chocolate Gelding
Grade Mini
Consigned By: Big Horse Ranch

"Muffin" is a five year old chocolate colored miniature horse, with two tiny white spots and a bright white tail. He has got to be the sweetest and quietest gelding on this planet. He is the poster child of a kids first pony. He is the first want to the gate to be caught in the stand, perfectly quiet to be haltered by his little. He loves to be groomed and he even with pick his feet up for his little cowboy or cowgirl. Happily stands to be saddled... but is also OK with just a bareback ride in a halter and lead rope... he rides like a saint in traffic, down the road, an open field, or anywhere else you take him. He will walk, trot, and canter independently with no pony-like funny business. Just when you think he couldn't get any better, you can hook him up to a cart and send him on his way with a little one at the controls and he will take care of them and behave like a superstar.

He is sired by Multiple APHA & AQHA World Champion producer LOPIN MY BEST & out of own daughter of POTENTIAL INVESTMENT. He has won numerous classes at multiple shows over the years with us. Although western pleasure is his strong suit, he is amazing in Ranch classes also. No doubt he wins performance halter & is always a stand out in those Lead line classes. But Elvis rides equally as well out of the arena & is natural in his lead changes. And just like his name sake he is a pleasure to watch or ride! He has been the perfect guest, easy keeper, neat in stall, great ground manners, no vices & sound with no special shoeing etc. In a perfect world he would not leave his home in MS but circumstances call for Elvis to move on with his career with someone we hope will adore him as we do!

Jesse is one of the best looking horses we have owned, with his foundation Quarter Horse conformation! More importantly, he is respectful, sweet, and a gentleman in the pasture with others. Jesse was first started as a reining prospect with eyes on the futurities. Then used in ranch versatility shows and playdays. He has also been introduced to barrels and poles. Most recently, he has had the leisure life of a trail horse. Jesse is VERY well trained with super response to leg and weight shift cues. He is also in tune to the rider and what he is being asked. Jesse would excel with an arena job. Super handle, neck reins like a pro, and is soft on the sides. He loads like a champ, quiet for farrier, and bathes easily. UTD on shots and regular wormings. Jackson is about as sweet as you can make one. He stands 14.3 with excellent foot and bone and is extremely balanced, straight and correct. He was started as a Reiner, but has since diversified his training into all the Ranch Versatility events. We showed him at the Ranch Horse Extravaganza and Futurity this past summer where he earned \$1050.

Jackson is super quiet and safe and does not require constant riding to stay that way. He's super soft in his face and moves off your legs well. Gates, bridges, drags, logs...you name the obstacle and he's ready to go. He's a beautiful mover and has a really good look for those Ranch Rail classes as well. We have ridden him down the trails, through the timber, across creeks and streams, down the road, as well as right through town, and he's just as settled in all environments! We have gathered pastures and even drug a few calves on him. This is a well seasoned young horse that has seen a lot of things already in his life. Quito is extremely cowy and just flat fun to ride! He is also jackpot ready on the heel side. He's good in the box, smooth through the corner and has a big stop! Ez Jet Roll, also known as "Hondo" is one of the nicest minded horses you'll come across. He is a good looking, sweet and willing gelding who is always easy to handle and ride. He is a grandson of the famous "Easy Jet," who you can find in the AQHA Hall of Fame. You 'd be hard pressed to find this "old school" breeding so far forward on the papers anywhere else. Hondo spent the majority of his life as a ranch horse but has all the arena buttons. He is soft and supple in the bridle and you can ride him on a loose rein or collect him up into contact. If Hondo was a car he would be a Lincoln. Reliable. Safe. Luxurious and has plenty of horse-power when you ask for it. He has a ground covering stride and floating movement. He is a novice friendly trail horse and will not cause a fuss when alone or with other horses. He keeps the same easy to ride pace all day long. His 4x4 works great and he will go up, over, or through just about anything. Hondo is a "yes-mam" kind of dude. In the area you can ride him English or western. Hondo has been ridden all over several states including Arizona, Utah, Wyoming and now Florida. He has never taken a sore step and since owning him, he has never needed any veterinary attention other than routine vaccinations and dental.

Hondo knows the barrel pattern, has been started as a rope horse, and has been started over fences. Hondo is great for the farrier, loads, hauls, ties, bathes, clips etc. Here is your no drama, no vices, no problem kind of horse. In a herd he is right in the middle and gets along well. He will be the first to meet you at the gate and stick his head in the halter. Anyone that brings this nice gelding home will love him just as much as we do.

Banker has a great turnaround, big stop, and a super smooth lope with a big trot when asked. Shane hauled this gelding to all his clinics last Spring and Banker was a perfect gentleman each time. If you're looking for a triple threat in the ranch classes - Ranch Riding, Rail, and Trail - this horse can do all 3 and be competitive at the highest levels! Metallic Cat is an NCHA Open Futurity Champion, NCHA Horse of the Year, and he is in the NCHA Hall of Fame with LTE of 637,711.00. As a sire Metallic Cat is the sire of offspring with over 57 million in earnings. He has sired a NCHA Open Futurity Champion, NCHA Super Stakes Champion, and he has produced multiple NCHA Open and Non Pro World Champions and multiple NCHA Horse of the Year titles. And if that is not enough he has been featured prominently in the famous TV series Yellowstone. The dam of this outstanding mare has NCHA LTE of 20,436.00 and is a daughter of the great Smart Mate. Smart Mate has sired earners of over 8 million with just 396 foals. The dam of this mare is a full sister to Hick of a Mate that has NCHA LTE of 153,274.65. Ruby is a gorgeous 9 year old red roan mare. She is phenotypically as close of a mare to her famous sire Metallic Cat that I have seen. Ruby is a massive mare, she pretty headed, wide chested and has a huge hip. She is structurally correct with really good bone. She has a beautiful long mane and tail. This mare has been owned by a family member since she was a long yearling. Ruby is a professionally trained cutter and is an NCHA money earner. She was only shown less than a handful of times. We decided to bring her home as we needed her on the farm. Since then we have used her extensively to gather cattle out of the pasture, drive, sort, and load trucks. She is a gate opening queen and she will side pass and has a nice ranch horse spin. This mare is one hand broke with a light neck rein, she is soft in the face and moves very well off of leg pressure. She walks, trots and lopes with a cluck or a kiss and knows her leads and works the flag. Ruby has been ridden up and down the hills and hollows in Tennessee by a 60 year old lady and handled everything like a pro. If you really want to have a blast sort you one out of the herd and drop your hand and Ruby will do the rest and she will cut and block that cow. Ruby has impeccable barn manners, she is easy to clip and groom. She is a dream to trim and shoe. Ruby stands for the mounting block and she loads and hauls great. Ruby will make someone a fantastic mare with all the bragging rights of owning an own daughter of Metallic Cat. With Ruby the possibilities are endless, take her back to the cutting pen, sort on her, ranch on her, ranch versatility, and with her build she has calf horse written all over her. And of course, when you are done riding her you will have the most desirable cutting and cow horse bloodlines available. Breed her to any name outcross stud and she will produce you an outstanding baby that will sell for big bucks. Ruby sells 100 percent sound with a full PPE & radiographic.

Cadillac surely fits his name as he has a smooth running walk and is built to last. I have used owned him since he was two. He has been used extensively to pen and catch cows, especially in the marsh. He can be used all day long and never tires. He has been used in the sale barn and to push out stock at rodeos. He has had about twenty steers headed off of him. He is the one to grab each day to get the job done. He does not buck, but he does need an experienced rider that is ready to go to work.

Consigned By: Darren Lawley

Domino is a 5 year old pony. He is 45inches. He has seen lots, is a push style pony. Doesn't go fast unless you ask, but when you do, he does what is asked of him. He has been ridden to push cows and been on trails. He has also been ridden by all size riders from little girls to older boys and tall kids. You can ride him anywhere and ride him through anything. You can rope off of him, take him through the pond and he won't even thing twice about going in (he loves water.) He has been started on barrels but will always slow down to turn them accurately. He has also worked the poles. Domino acts like a big horse and gets treated like one, so he has no pony shenanigans. Picks up his feet to be trimmed with no problems, easy to wash, easy to catch, no kick, no bite and no buck. Would make a great pony for anyone - he loves all size kids and will go slow or fast for anyone!

NICE! 3 yr old BEST BRAIN! Super sweet. Quiet. This mare is easy easy for her age she's a super horse. Stands at 15.1H now. This 3 yr old goes WTC, lightly started over poles & xrails. We have done few xrail courses here & there & is absolutely great. Flower boxes no problem. But since she's young not pushing her over fences. She's currently only being ridden by an adult amateur weekly! Push type ride. Has been worked western & english but we are an english barn & love these types. Great mind, quite quiet, even the mowers can mow around her & she could care less about it. Overall just a good quiet minded horse! Been off property & on few trails as well. We don't bring in tons of mares BUT this one is so nice! No vices, no known injuries. Ready for her new partner to continue bringing this nice mare along. We have videos too!

2015 Gray & White 14.2 Gelding
Grade
Consigned By: Thornton Quarter Horses

Tony is a grade 9 yr old all-around good ole gelding. He's been to the roping pen, ridden by a young tween girl as well as a seasoned cowboy heading off of him. He's been hauled to cowboy play days, where multiple young riders would enter various classes, he handled all like a champ. We've taken him on trail rides with some pretty sticky slick situations. They've taken him to help neighbors gather catch and load cattle. Couple of weeks ago he was ridden in our Ranch Rodeo with some nasty rank steers and bulls. Tony gives you 100% every time we saddle him, he's the same safe sane reliable ride. No silly business, no bad habits. Great go to horse for all general riding ranch work or a step up horse for a young cowboy or cowgirl.

Consigned By: CS Performance Horses

Maverick is a beautiful 7 year old, 14.3h grullo gelding. He was born, raised and trained by the same man until he came into our program. Maverick has been ridden on the ranch his whole life gathering cattle. He's seen countless miles down the trails. Out in the pasture he is easy to catch and is ready to go for a ride. We have got him soft in the bridle, moving off leg pressure and loping nice circles in the arena. We have ponied horses off him, ridden him by the hwy and around wildlife Maverick doesn't get bothered by much.

This is a fancy gelding right in the prime of his life and is ready to be your solid mount or give him a different career. Maverick is smart, willing to learn new things and always aims to please. He crosses logs, bridges, water and all the trail obstacles. He stands tied, to be bathed, and loads right up in the trailer. To top it off he has that gorgeous grullo color.
